

ready-made saunas

saunum

ready-made saunas

At Saunum, we are redefining the quality of the new era sauna. The combination of the skillful work of sauna masters, high-quality materials, and state-of-the-art sauna technology ensures a uniquely healthy sauna climate and a deeply relaxing full-body sauna experience.

durability & high quality

Thermowood cladding and A-class interior materials, modern technological solutions, experienced carpenters.

environmentally friendly

Sustainable materials and efficient production with minimal waste.

customizable

Colour, material, design options and technological features to choose from. Tailor-made projects available.

balanced sauna climate

Saunum's unique sauna technology with patented air-blending system.

easy to move

Special hooks to lift with a crane, but also movable with forklift.

made in estonia

our story

uniquely authentic

The story of SAUNUM is based on nostalgia – the gentle heat of a 100-year-old smoke sauna. Inspired by such a vivid memory and feeling, I wanted to create a similar sauna at my home in the city. Equipped with my knowledge as a thermal engineer, I set out to redesign and rediscover the classical sauna.

I want everybody to enjoy the sauna experience and receive pleasure from all aspects a perfect sauna can offer.

Andrus Vare

A handwritten signature in black ink that reads "Andrus Vare".

innovation

patented air-blending system

Saunum's patented air-blending system traps scorching steam that rises near the ceiling of the sauna and mixes it with cooler, more oxygen-rich air near the floor, equalizing the heat and steam throughout the sauna. This ensures a more even temperature of the steam, and the oxygen enriched steam makes it easier to breathe. More water may be ladled onto the rocks of the heater to produce richer, more luxurious steam, resulting in more intense sweating.

a relaxing sauna and
spa in your home garden

saunum aircube series

In a Saunum sauna, you can enjoy a completely new steam experience and a relaxing five-in-one home spa solution. The mild steam mixed with soft, oxygen-rich air makes breathing easier. The five-in-one home spa solution allows you to turn a classic Nordic sauna into a sauna enriched with salt ions, humid-steam rich sauna, a mild relaxation sauna, and an aroma sauna.

With the Leil control unit, it is very easy to control the heater and the sauna climate device – you can heat the sauna and adjust the climate with just a few taps of the touch screen or your smart device. In any case, the sauna, with its Nordic design, is an elegant gem in your home garden.

saunum classic

If you're looking for a modern and minimalistic „plug-and-play“ sauna house for your backyard, Saunum Classic is just what you need. Blending classic style with gorgeous materials, functional Nordic design and the skilled work of Saunum's master craftsmen, a high-quality sauna experience is guaranteed.

Add in the Saunum heater with its unique climate device, and your sauna will be transformed into a tranquil 5-in-1 home spa that delivers an unprecedented steam experience. When mixed with soft, oxygen-rich air, the steam becomes milder, making it much easier to breathe so you can simply relax as you enjoy the classic steam sauna experience or choose between a salt-ion sauna, a mild steam-rich sauna, a relaxing sauna or an aroma sauna.

GLASS

perfect experience with saunum heaters

relaxing 5-in-1 spa solution

Try different settings and steam intensities to turn your sauna into a home spa.

Classic Nordic sauna

Temperature 60 °C–100 °C

The climate regulating system: speed level 1

Humid steam-rich sauna

Temperature 45 °C–60 °C

The climate regulating system: speed level 2 or 3

The lower the temperature and the higher the speed of the climate regulating system, the more steam is generated when throwing water on a heater.

The mild, relaxing sauna

Temperature 40 °C–55 °C

The climate regulating system: speed level 1

Perfect if you prefer a softer, more humid sauna.

Sauna enriched with salt ions

Temperature 40 °C–100 °C

The climate regulating system: speed level 1

The salt spheres added to the climate device work at any temperature, if the sauna climate device is switched on.

Aroma sauna

Temperature 40 °C–90 °C

The climate regulating system: speed level 1

Replace one of the salt spheres with an aroma bowl, add some Saunum aroma oil into it and enjoy!

Health

enriching the air with salt ions

With Saunum's patented method of enriching the air with salt ions, the salt ions from the natural salt spheres added to the sauna climate device are infused into the circulating air to reach the skin and respiratory tract. Salt aerosol is valued as a decongestant used for reducing inflammation and possesses antimicrobial properties. Salt therapy is a popular treatment for asthma, bronchitis, pneumonia, sinusitis and provides relief of respiratory difficulties in children and adults.
