

saunum

A climate device for a sauna with
a wood-burning or electric heater

Saunum AirSolo

Saunum AirSolo solves the main challenges of modern saunas with classic wood-burning or electric heaters, including temperature stratification, scorching steam, and poor breathability. Working alongside the heater, this unique sauna climate device creates a more even temperature and softer, airier steam, while Himalayan salt spheres enhance the relaxing spa-like experience. Designed for flexible installation, AirSolo can be mounted on the wall, recessed into it, or installed behind the wall, and is easily controlled with a touch switch.

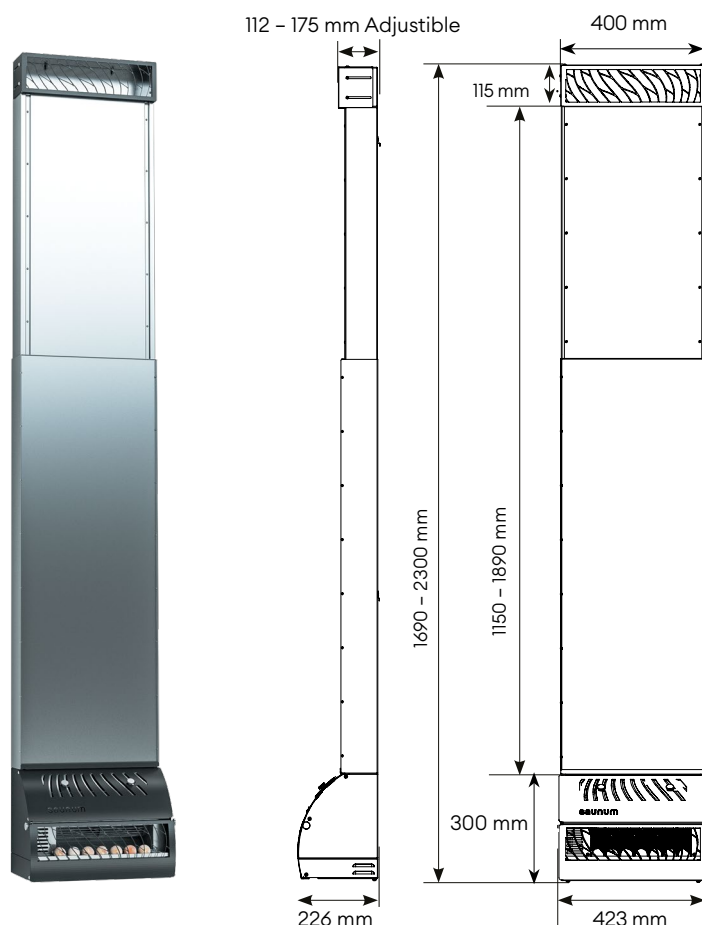

Saunum AirSolo L, AirSolo

A sauna climate device that could be installed on the wall or recessed into the wall

Included	Climate device, Himalayan salt spheres 7 pcs, turn switch
Sauna climate device	3 speed levels, vent adjustment
Colour of the housing	Anthracite grey
Colour of the glass	Patterned
LED colours	Blue, red, white
Power, supply voltage	60 W/75 W with LED lighting, 230 V – 50/60 Hz
Safety distance	Safety distance from the heater, according to the instructions for the particular heater. There must be no objects in front of the climate device and your feet, and other body parts, must not be kept closer than 500 mm.
Weight of the device	30 kg
Additionally required:	
Current	0.31 A
Overcurrent protection	B1
Power cable, 1 phase	H07RN-F or equivalent, min 3 x 0.5 mm ² In the case of an external switch, a minimum of 5 x 1 mm ² between the switch and the device (for 3 speeds).
If recessed into the wall	Protective grille
For the aroma sauna	Saunum sauna oil set
For easy control	Saunum touch switch (black or white)

The AirSolo cap must be used when the device is recessed into the wall.

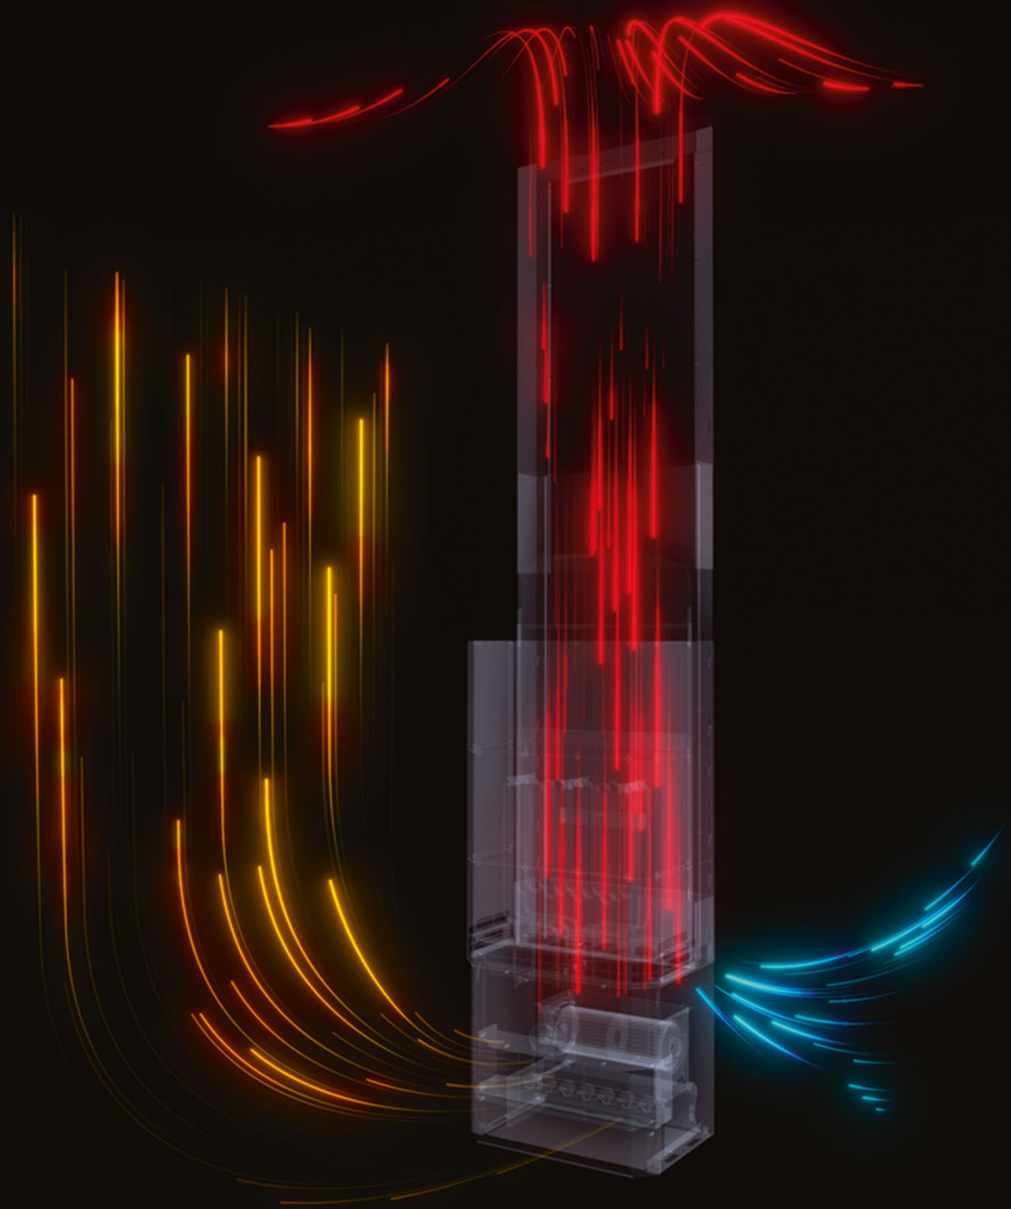

Saunum AirSolo touch switch

If you can't or don't want to use the rotary switch on the device, choose a Saunum AirSolo touch-sensitive switch for the set. You can install it at a height that suits you, outside the steam room.

Saunum AirSolo Wall

A sauna climate device that could be installed behind the wall

Included	Climate device, Himalayan salt spheres 7 pcs, touch switch (black or white), AirSolo Cap
Sauna climate device	3 speed levels, vent adjustment
Colour of the housing	Visible parts anthracite grey
Power, supply voltage	60 W, 230 V – 50/60 Hz
Safety distance	Safety distance from the heater, according to the instructions for the particular heater. There must be no objects in front of the climate device and your feet, and other body parts, must not be kept closer than 500 mm.
Height of the device	Adjustable 1690–2300 mm
Depth and width of the device	226 x 423 mm
Weight of the device	30 kg
Additionally required:	
Current	0.31 A
Overcurrent protection	B1
Power cable, 1 phase	Adequate for the temperature range, min 5 x 1 mm ²
For the aroma sauna	Saunum sauna oil set

Innovation

patented air-blending system

Saunum's patented air-blending system traps scorching steam that rises near the ceiling of the sauna and mixes it with cooler, more oxygen-rich air near the floor, equalizing the heat and steam throughout the sauna. This ensures a more even temperature of the steam, and the oxygen-enriched steam makes it easier to breathe. More water may be ladled onto the rocks of the heater to produce richer, more luxurious steam, resulting in more intense sweating.

Health

enriching the air with salt ions

With Saunum's patented method of enriching the air with salt ions, the salt ions from the natural salt spheres added to the sauna climate device are infused into the circulating air to reach the skin and respiratory tract. Salt aerosol is valued as a decongestant used for reducing inflammation and possesses antimicrobial properties. Salt therapy is a popular treatment for asthma, bronchitis, pneumonia, sinusitis and provides relief of respiratory difficulties in children and adults.

Aromatherapy

therapeutic aroma oil mixed with steam

Add another layer of sensory pleasure with the aromatherapy system, which mixes sauna essential oil aromas within the steam. It is a healthy alternative to burning aromatic oil on the hot stones.

Sensational experience **relaxing 5-in-1 spa solution**

Try different settings and steam intensities to turn your sauna into a home spa.

Classic Nordic sauna

Temperature 60 °C–100 °C

The climate regulating system:
speed level 1, the valve 25% open

Humid steam-rich sauna

Temperature 45 °C–60 °C

The climate regulating system:
speed level 2 or 3, the valve 100% open
The lower the temperature, the more open the valve
and the higher the speed of the climate regulating
system, the more visible steam is generated when
throwing water on a heater.

The mild, relaxing sauna

Temperature 40 °C–55 °C

The climate regulating system:
speed level 1, the valve at least 25% open, if you
prefer a softer, more humid sauna.

Sauna enriched with salt ions

Temperature 40 °C–100 °C

The climate regulating system:
speed level 1, the valve 25% open
The salt spheres added to the climate device work
at any temperature, if the sauna climate device is
switched on.

Aroma sauna

Temperature 40 °C–90 °C

The climate regulating system:
speed level 1, the valve 25% open
Replace one of the salt spheres with an aroma
bowl, add some Saunum aroma oil into it and
enjoy!
